

Emmanuel College
And
Northern Essex Community College

Based on the mutual concerns for the needs of students pursuing the Bachelor of Science Degree in Nursing, and in an effort to provide a seamless mobility program that builds on prior learning, the following are agreements to which we mutually subscribe.

- Students who have fulfilled the learning outcome objectives and have successfully completed graduation requirements within Northern Essex Community College for an Associate Degree in Nursing can transfer up to 96 credits, including up to 40 credits awarded for an Associate Degree in Nursing. Please see the attached blueprint outlining the courses that will transfer in and courses students would need to take.
- Applicants for credit transfer must submit an Emmanuel College Application Form, transcripts from associate degree and all other accredited programs attended, and evidence of current Massachusetts RN licensure.
- The Northern Essex Community College Nursing Program agrees to notify the Emmanuel College Department of Nursing of any significant curricular changes during the time of the agreement. In instances where significant changes have been made, Emmanuel College will initiate a review of the curriculum to ascertain the validity of transfer credit.
- The mobility agreement is retroactive to the original date of enactment between Northern Essex Community College and Emmanuel College.
- The mobility agreement may be terminated or renegotiated at the request of either institution. However, due protection must be given to students previously enrolled, under the terms of the original agreement, at either institution.
- This agreement will be considered void in the event that the participating program is no longer accredited.

Signed in good faith by the representatives of Northern Essex Community College and Emmanuel College who agree to the terms herein.

Emmanuel
